YANKS STORM WITHIN SIX MILES OF PRIZE MUNDA BASE; RED ARMIES CHECK HITLER'S FOUR-DAY-OLD OFFENSIVE

OVER 30,000 NAZIS SLAIN, SOVIETS SAY

German Losses in Men and Material Regarded As Greatest Single Blow

REDS STILL GAINING

By WILLIAM McGIFFIN
Moscow, July 8—(AP)—Fresh Nazi reserves were reported pushing through smoke and dust along paths marked by wrecked machines and the dead today to bolster the Kursk plains offensive which the Red army, fighting more brilliantly than ever before, has limited to small gains in the Belgorod sector.

Russian forces killed 30,000 Germans, destroyed or damaged 1,539 tanks and shot down 649 planes during the first three days of the battle, it was announced officially.

Nazi air force squadrons are attached constantly to the invasion armored columns under a new German plan of attack by which Hitler's high command hopes to pinch off the 60-mile-deep Soviet salient extending westward from Kursk. The immediate assignment of the Germans obviously is to attempt to push north from Belgorod and south from Orel, 165 miles apart, to a junction somewhere behind the Russian-held rail city.

(A Berlin military spokesman declared in a radio broadcast that tank battles yesterday in the area of Belgorod and south of Orel were "the greatest ever fought on the eastern front.")

Soviet dispatches said the Germans were finding their objectives packed with Red army men determined to fight to the death rather than give an inch. The Red air force was declared to be on at least an equal footing with that of the Germans.

Directly behind the battlefield, Russian soldiers are helping peasants bring in the harvest. To the Russians, victory in the grain fields is as important as that on the battlefields. They have men to spare for both.

Near Belgorod, said a special communiqué issued this morning, the concentrated German strength has "succeeded in driving a wedge, to an insignificant distance, into our defenses," enveloping several villages at a cost of "tremendous losses."

While the German losses in men and material were regarded here as the greatest single blow ever inflicted upon the German war machine, the Russians warned against undue optimism.

The special announcement reported the Germans had hurried approximately 450,000 men, or 30 divisions—14 tank divisions, one motorized, and 15 infantry—into the attempt to capture Kursk, one prong driving southward from the Orel region ad another northward from Belgorod.

At the start of the heavy attack the morning of July 5, the stale-mated line bulged westward in a great semi-circle from Orel around Kursk and back to the Belgorod area.

HENDERSON ACCEPTS PRIVATE EMPLOYMENT

New York, July 8—(P)—Leon Henderson, of Millville, N. J., former administrator of the Office of Price Administration, has accepted a position as economic consultant on post-war problems to the BIOW Company, a radio advertising agency, President Milton Blow announced. Henderson will continue as chairman of the board of editors of the Research Institute of America, Inc.

Steak Pans May Sizzle Again As Beef Thunders to Market

Cottonwood Falls, Kas., July 8—(P)—Don't throw away that steak pan yet, pardner! That's a lot of beef coming in from the hills and the plains.

The thundering herd is on the march again; millions of pounds of beef from the great grass ranges of the southwest, as ready for market.

The ranges are beginning to dry up—a little later this year because of the heavy rains during the spring season. Now the ranchers face the choice of selling their big herds or holding them and feeding expensive and scarce grains.

Enemy's Hold on the Central Solomons Greatly Weakened By Crushing Naval Defeat

Count of Spectacular United States Sea Victory at Kula Gulf Reaches at Least Nine and Possibly 11 Ships

MOST OF OFFICERS AND CREW OF HELENA SAVED

By MURLIN SPENCER

Allied Headquarters in Australia, July 8—(P)—United States jungle fighters battled today within six miles of the Japanese air base of Munda from two new landing points on New Georgia Island, in the central Solomons area, where the enemy's hold has been weakened by a crushing naval defeat.

The new landings were disclosed today by Gen. Douglas MacArthur in a communiqué which also contained the news that in the warship engagement during the darkness of July 5-6 above Munda in the Kula Gulf at least nine and possibly 11 Japanese cruisers and destroyers were sunk, against the loss of the cruiser U. S. S. Helena.

(A dispatch quoting sources at the South Pacific headquarters of Admiral William F. Halsey said no other American warship even sustained damage in the engagement and that most of the more than 800 reported aboard the cruiser Helena were saved.)

The growing weight of the Pacific offensive began to tell against Japan at the other end of the 700-mile arc as well. General MacArthur announced that in the jungle fight on the approaches to the Japanese air base at Salamaua, New Guinea, Australian troops captured observation hill between Salamaua and Mubo after its Japanese defenders had been killed or demoralized by 106 tons of bombs dropped in less than 45 minutes by Boston attack planes, Mitchell and Liberator bombers.

The new landings which increased the peril to Munda were made Monday, today's communiqué disclosed. After American warships in the Kula Gulf had shelled Munda's supply base at Bairoko anchorage before dawn Monday, the troops swarmed ashore at Rice anchorage, four miles northeast of Bairoko. That landing point is about Munda.

Monday night, other American forces stormed ashore at Zanana, six miles east of Munda. They fanned out in patrols and latest reports were that some of them were fighting the Japanese along the Bariko river.

It was before dawn the following morning that American warships made contact in the Kula gulf above the scene of the latest (Turn to Page Eleven)

LAW BANNING "HEART BALM SUITS" ATTACKED

Beaver, July 8—(P)—The law banning "heart-balm" suits is under attack in a \$25,000 action in Beaver county.

Attorney Phillip E. Hamilton told the court the first words of the act were "to promote public morals." He said that instead they should have read "to promote public immorality." He declared the act seeks to destroy the jurisdictional functions of the court.

The suit, brought by Mrs. Eva Anna E. McMullen against Mary Hannah McMullen of New Brighton, charges alienation of affection.

PROMINENT BUSINESS MAN OF KANE IS DEAD

Kane, July 8—(P)—William H. Davis, 76, former president of the Holgate Brothers Company, one of the nation's largest manufacturers of brush handles and brush blocks, died last night.

Retiring as president of the Holgate firm several years ago, he remained active as a director and treasurer of the company. He was chairman of the board of the Kane Bank and Trust Company for many years and served as a trustee of the Kane Community Hospital and Warren State Hospital.

Davis was noted for his philanthropies and took an active part in civic affairs.

Full instructions on handling such applications will also reach local boards before July 15, when the new regulation will go into effect. No applications will be accepted before that day, the OPA said today.

As a part of the authorization form the applicant will be required to sign a statement that he has sufficient "A" gasoline coupons or gasoline acquired through such coupons to make the trip. "B" and "C" rations are solely for occupational driving.

MARTINIQUE DISCUSSED AT WHITE HOUSE

Installation of Pro-Allied Administration in Island Subject Considered By Giraud

DISTURBANCES OCCUR

By the Associated Press
The Berlin radio reported today in a Vichy dispatch that the French foreign ministry was drawing up a communiqué which would announce officially the secession of Martinique from Vichy.

The broadcast report was recorded by The Associated Press.

It said it was expected that Admiral George Robert, Vichy high commissioner at Martinique, "within a few hours will have to yield to pressure from dissidents and troops."

By RICHARD G. MASSICK
Washington, July 8—(P)—Installation of a pro-Allied administration in troubled Martinique was one of the prime subjects up for discussion today between Washington officials and Gen. Henri Honore Giraud, co-chairman of the French Committee of National Liberation.

(Demonstrations at Fort-de-France, Martinique, in which crowds of 15,000 persons demanded a break with Vichy and an alliance with the United States, were reported in a dispatch from Port of Spain, Trinidad, today.)

(The demonstrators, favoring the Fighting French Leader General Charles De Gaulle, were reported to have taken possession of the streets of Fort-de-France for two days. Gendarmerie sent to disperse them, the dispatch said, left the demonstrators unmolested as they shouted "Vive De Gaulle" and sang the French anthem "Marseillaise.")

Giraud, the tall, brisk soldier who escaped from a German prison camp to command French North African forces in the fight against the Axis, is in Washington as the government's guest, on a military mission. He arrived late yesterday.

En route from Algiers, Giraud stopped at San Juan, Puerto Rico, where he was able to learn from (Turn to Page Eleven)

LAWMAKERS MAY AGREE ON SUBSIDIES

Senate to be Asked to Recede From Aggressive Stand Against Proposed Bill

CONFEREES AT ODDS

BULLETIN
Washington, July 8—(P)—Bowing to threats of a veto, the senate abandoned by a 34 to 33 vote today a legislative prohibition against the payment of food price subsidies.

Democratic Leader Barkley said today the senate will be asked to recede from its aggressive stand against all food price subsidies sufficiently to allow acceptance of a house-approved bill which continues the life of the Commodity Credit Corporation (CCC) and permits continuance of the present meat-butter rollback.

Reporting a "complete disagreement" in the joint conference committee considering the measure, Chairman Wagner (D-N.Y.) said he would move in the senate for acceptance of the bill as it passed the house.

Barkley (D-Ky.) told reporters a proposal to insert in the bill a policy declaration putting congress on record as opposed to subsidies to roll back food prices had been rejected unanimously by the conferees. He said house members had steadfastly refused to accept any part of the senate version, which would place a specific ban on such payments.

Legislators said adoption of the house bill would leave the administration's subsidy program in exactly the same situation it now is, with subsidies being provided for meat and butter roll backs without specific congressional authority for such action.

The administration contends the price control act authorizes such payments, but opponents have charged they are "illegal."

Conferees said the decision may mean a postponement of the congressional wrangle over the subsidy-rollback program until the lawmakers return from a summer vacation in mid-September. If the senate agrees to recede from its stand—and there were indications it would—Barkley said it probably would be possible to begin a summer recess before nightfall.

Righting of Normandie Believed Near

New York, July 8—(P)—The one time French super liner Normandie may yet get in the war as a troop carrier for the United States.

Construction of an observation platform and the tearing down of work shacks on the side of the partially submerged hull gave indication yesterday that the job of righting her—one of the greatest marine salvage operations in history—is nearing completion.

Workers were under orders to help Adolf Hitler seize power.

Gissibl, who is described by the government as a former chief German-American Bund organizer and at present is a tailor at the Great Lakes Naval Training Station, said the band was formed to help Adolf Hitler seize power.

Gissibl said Goering issued orders to the band to collect the copper and brass to ship to Germany but did not say whether any actually had been shipped. Gissibl, a naturalized German war veteran, is a government witness.

W. H. Hill, an agent of the Federal Bureau of Investigation, testified letters written by Wolter were found in a raid on the band headquarters in New York.

The government charges Wolter obtained naturalization through misrepresentation and fraud in 1932.

Approval Is Given Merger

Harrisburg, July 8—(P)—Merge of the Manufacturers Light & Heat Co., Manufacturers Gas Co., Pennsylvania Fuel Supply Co. and Greensboro Gas Co., into a new corporation—the Manufacturers Light & Heat Co. of Pittsburgh—was approved conditionally today by the Public Utility Commission.

The companies involved are engaged in producing and distributing natural gas. They serve about 238,000 customers in 24 Pennsylvania counties and 56,500 others in Ohio, West Virginia and New York.

The merger was not protested and no change in rates is planned.

The transaction was approved subject to the condition that before issuing securities the new firm files a securities certificate with the PUC and receive notice of its registration and that approval shall not extend to considerations to be paid for the properties of its constituents or of the Fayette Company. The considerations are to be received later a bill containing his personal equipment and property.

Relentless Allied Air Assault Against Sicily and Sardinia Goes Through Fifth Day

GERBINI IS BATTERED

By REILMAN MORIN
Allied Headquarters in North Africa, July 8—(P)—The relentless Allied air assault against Sicily and Sardinia went through its fifth consecutive day yesterday with heavy bombings of airfields and other military targets, it was announced officially today.

Enemy fighter opposition was reported to have been on a "reduced scale," but nevertheless Allied fighters shot down 10 Axis planes for a loss of five of their own.

Gerbinì in eastern Sicily, scene of a titanic air battle between American Flying Fortresses and more than 100 enemy planes on Monday, was battered 19 more times yesterday by Fortresses, Mitchells and Marauders, and they did not encounter a single enemy aircraft.

American Warhawk fighters escorting RAF Baltimore bombers in a raid on Borizzo in western Sicily gained six of the day's 10 victories. They hovered over Borizzo airfield for almost an hour.

While all of western Sicily felt some of the weight of the bombardment, Warhawks even went down to strafe isolated military targets in the countryside—the great network of airfields in and around Gerbinì was the main theatre of Allied operations.

Following the day raids, RAF Washington bombers carried the assault into the night with attacks on Palermo and Sicacca. They dropped a great weight of bombs on the railway yards at Palermo and left large fires raging.

Returning crews reported the weakness of ground fire over Palermo indicated that the defenders were being swamped by the un-

Hollywood Gossip

By ROBBIN COONS

HOLLYWOOD — Pardon it, please, if we turn this spot today into a book section—and talk about books written by a couple of former Hollywood cronies now in the thick of the global war. Relman Morin and Vern Haugland.

You've doubtless heard of or read both books—Pat Morin's "Circuit of Conquest" and Vern's "A Letter from New Guinea."

Morin, with a long-standing yen for the Orient, put in a bid for foreign service as soon as he joined The Associated Press staff in Los Angeles, and covered Hollywood while waiting until his sailing orders to Tokyo arrived. He left Tokyo exactly one year before December 7, 1941, on a roving tour which carried him along the exact route the Japs were to take when they sprung to the attack. That's the book—filled with clear analysis, first-hand reporting, and adventure exciting enough to make a dozen movies.

• • •

VERN'S New Guinea "letter" has a grand movie in it too. It's thrilling adventure, solo, and spiritual experience—the story of how, lost in the jungle after a forced parachute jump, he survived 45 days through starvation, storm, and fever and in the process "rediscovered" God.

Vern was a serious, thoughtful young fellow, and his book is like him. Modest and retiring, to this day he doesn't. I'm sure, think of himself as a hero in any sense. In a community like Hollywood, full of glitter and a certain amount of brashness, Vern did a workmanlike job without once falling for the glitter or stooping to the brashness.

PAT had adventures in Hollywood, too, and wrote of them with the same vividly descriptive style. One I recall was the time—it was during the vanished era of lavish movie parties—he covered an affair given by Kay Francis. Miss Francis had rented a big Sunset Boulevard restaurant for the occasion, redecorated its front, and this novelty plus the gathering of the celebrity clan attracted a circumspect crowd.

It was a story, and Pat "cov-

ered" it, though Miss Francis was then feuding with the press. To get the story he had to go inside, and he went. A truculent hostess demanded that he be ejected, and pointed out that this party was part of her private life and of no concern to the public.

"Of course it is," agreed Pat, retiring with dignity. "Like a four-alarm fire."

VERN'S New Guinea "letter" has a grand movie in it too. It's thrilling adventure, solo, and spiritual experience—the story of how, lost in the jungle after a forced parachute jump, he survived 45 days through starvation, storm, and fever and in the process "rediscovered" God.

Vern was a serious, thoughtful young fellow, and his book is like him. Modest and retiring, to this day he doesn't. I'm sure, think of himself as a hero in any sense. In a community like Hollywood, full of glitter and a certain amount of brashness, Vern did a workmanlike job without once falling for the glitter or stooping to the brashness.

Not long before he volunteered for foreign service, he did a series of yarns on "dating" glamour girls—Hedy Lamarr, Carmen Miranda, Priscilla Lane, and others. For many a reporter this would have been an enviable assignment.

For shy, unspectacular Vern Haugland I think it was a test of mettle almost as real, at the time, as his subsequent perilous journeys through the jungle. He survived that Hollywood hazard, too.

Old Home Day For Terry At Police Station

"There's no place like home" could have been the theme song sung by the police for Terry Reynolds when he was incarcerated in the borough bastile. Terry has been absent from the city for sundry months touring the broad stretches of America and just arrived in Warren again this week. In celebration of his return he acquired an overload of "Oh, Be Joyful" until he became a case for the police. This morning he appeared before Magistrate Greenlund and in his usual familiar way entered a plea of guilty.

And another Terry, this time Terence Lynch, of Columbus, Ohio, was also in our midst yesterday. Terry evinced an interest in religion and visited the United Brethren church. While inside he assayed the silver on display there and bundled up 24 forks and 19 knives to take with him as a souvenir. Just as he emerged from the church he met a woman entering and assured her "This is a nice day, but just a bit warm!"

The silver and Terry were reported as missing to the police and they started a hunt for him but before they got him located he was delivered to the police station, silver and all, by K. W. Lauer, of the State Agricultural Department. Mr. Lauer had been at the Court House conferring on Victory Gardens or something with County Extension Agent Steve Tritt and emerged just in time to see Terry trying on his coat. The apparel seemed to suit Terry but Lauer objected to supplying coats to silver-bearing drinks so he loaded Terry and his silver into a car and delivered him to the police.

The pastor of the United Brethren church was all surprised when told by the police that his church was at the police station and he was delighted too as how could a pie social be held without folks?

Anyhow Terry minus his silver and also minus a new coat held a tête à tête with Magistrate Greenlund this morning.

The cops also rounded up three small boys yesterday who were reported as having been destroying some shrubbery and flower plantings on a neighbor's yard. The paps will pay.

TIMES TOPICS

FEDERATION TO MEET

The Federation of Clubs will hold the July meeting at the Marconi club this evening, and a large attendance is desired.

ADDITION IS ADDED

At the plant of the Cement Pipe Company on Pennsylvania avenue, west an addition has been made to the office building.

WILL CLOSE SUNDAYS

Announcement was made today that the Texas Lunch will close every Sunday for the duration of the war beginning Sunday, July 11. Inability to secure sufficient supplies of foodstuffs and help are ascribed as the reasons for the closing.

LAVING NEW WALK

The flag stone sidewalk in front of the Evangelical church on Third avenue is being taken up and a new walk will be laid. The walk is one of the oldest in the city and the passage of thousands of persons has worn the heavy stone until small lakes of water stood upon it with each rain.

COMPLETE COURSE

According to announcement made today by the local office of the Red Cross, these persons have just completed the standard first aid course: Minnie Vicini, Minnie E. Townley, Mabel E. Taylor, Edith Simonsen, Garbet Stewart, Olga Peterson, Helen M. Honhart, Gertrude Fitch, Marie Belton, Gladys Eckman and Catharine Allen, members of the VFW Auxiliary.

KARMEL CORN A VICTIM

Another casualty of the war is karmel corn, the confection made with brown sugar and other ingredients. Brown sugar is not available in large enough quantities to provide material for making the goodie and it has been taken off the market locally, at least. The Nut Shop, which daily made large quantities, has been forced to stop making and selling the dainty.

MANY STAMPS SOLD

In spite of kicks and cries of "taxation without transportation" Warren folks have their "for use" stamps issued by Uncle Sam on their motor cars. In three days over 3500 of the \$5 stamps were sold at the post office and since the grand rush about 50 have been sold. Many got it into their heads that the stamp law had been repealed, but discovered different and purchased the stamps.

RAISING RABBITS

Perhaps never before in the history of Warren county have so many people been engaged in the raising of rabbits for food. Scores are engaged in the work and by fall there will be hundreds of rabbits available for eating. Pennsylvania State College has recognized the need of more meat and has a correspondence course in rabbit raising that is available through the Agricultural Extension Division.

FAST WORK EXPECTED

With material being moved onto the site of the new Fourth Ward Fire Station on Pennsylvania avenue, west completion of the building in a few months is anticipated. The foundation of the station has been completed by employees of the city and the cinder block and brick work will be done by William Cook. He is now moving onto the job and will be at work soon. The new station will be complete in every way with a large truck room, bunk room, kitchen and sitting room.

MANY WAR FILMS

Pennsylvanians, together with folks from Warren county, have taken time out to view training and other war films issued by the governments of the United States and Canada. The Warren County Council of Defense has recently purchased a moving picture machine which is being used extensively in the showing of the films and the machines owned by many of the county schools have also been used in the work. The Council of Defense is planning a regular schedule for showing the various films in the county so that during the next few months thousands may view them.

VETERANS TO MEET

Altoona, July 7—(P)—Governor Edward Martin plans to attend the 30th annual convention of the Society of the 28th Division, A. E. F., which will be held here July 15, 16 and 17. He is a former commander of the division.

AIR CORPS ENLISTED RESERVE

Attention of young men of the community is directed to an announcement which was printed on page eight of Wednesday's issue stating that Squadron 53, Pa., of the Civil Air Patrol, has now completed arrangements for recruiting Aviation Cadets for the Army Air Forces, with official headquarters being set up in Room 510 in the Warren National Bank building where officers will hold forth every Thursday evening between the hours of seven and nine o'clock to interview and qualify recruits.

During an interview with the officers it was brought out that parents or other relatives of young men interested in enlisting in this branch of the service are cordially invited to accompany applicants if they wish.

Civil Air Patrol officers in charge are prepared to explain this enlistment service in detail and arrange for examination of new recruits by a Flight Surgeon from the Army Air Force Headquarters.

This is a fine opportunity for young men interested in aviation to enlist in the branch of service which they prefer.

If an applicant is found to be mentally, morally, and physically qualified, he will be enlisted in the Air Corps Enlisted Reserve. He will be on an inactive status and may continue his education or civil pursuits until he is eighteen at which time, or as soon thereafter as practicable, he will be called to active duty for preparatory pre-flight training. Personnel enlisted in the Air Corps Enlisted Reserve will be given wings to be worn until they are called to active duty.

The Civil Air Patrol and the Civil Air Patrol Cadets Squadrons are prepared to enroll qualified recruits and give them preliminary training helpful in the Armed Services. The training which an Aviation Cadet can receive in this way is of considerable help when called to active duty.

It is hoped that many of our local young men will avail themselves of this splendid training and opportunity to prepare for the duties which will be assigned to them when in the ranks of the Army Air Forces.

MINE REPORT

The American Rolling Mill Company informs shareholders of experience in its Nellis, W. Va., mine, where 256 United Mine Workers are employed. During the month of April only 106 of these troubled to work full time, in spite of the company's efforts to get out a maximum of black diamonds.

Of 127 lower-paid men, 41 who troubled to work full time averaged \$211.42 for the month, but 86, who did not, averaged only \$140.39.

After so-called occupational deductions averaging \$1.94 a month, and after union dues, rent, fuel, electricity, medical and hospital costs, Victory and social security taxes and purchase installments, the men received 80 per cent of their wages in cash.

RUBBER VICTORY

A great, integrated industry capable of supplying both the military and the essential civilian rubber needs of this country will be completed by the end of 1943, Commerce Secretary Jesse Jones predicts. By December this industry will be capable of producing more than 800,000 tons of synthetic a year, he said.

But it won't produce 800,000 tons this year. It will be well into next year before the slack has been taken up, a stockpile begun, and some supply made available for anything other than super-prime needs. So don't get false notions and begin burning up your tires.

The Veterans' Bureau in cooperation with the Times-Mirror is endeavoring to secure a complete roster of all young women from Warren county who are serving in the armed forces. Check the list appearing on another page and if you know of any not included please notify this paper at once.

The way restaurants are closing down on Sundays because of the lack of help and food, it begins to look as though a lot of folks will have to resort to the old-fashioned arrangement of eating at home on the Sabbath.

Good advice for everybody is given by Mary Steele Ross, writing on women in war: "Remember that the war effort is as strong as its weakest point, and then stop being that point."

That item printed last evening about rationing points being down should have referred to oleo and not butter. Sorry if you were among the disappointed shoppers today.

YM Victory Camp Plans Progressing

To date eight boys have signed up for the Y. M. C. A. "Victory" camp to be held the three days starting the 13th of July. These boys, six of whom will be in the Cadet division and two in the Junior are as follows: Dean Blair, Karl Smith, Gary Davis, Charles Conaway, Leroy Gibson, Robert Allinger, Robert Hampson, John Bieckarck.

The camp is being limited to the first twenty boys who register and as registrations are coming in every day it is expected that the quota will be reached before the deadline time which has been set.

The camp director has been busy making up suitable programs that are the spice of every boy's camping experience. Hiking in the woods, sleeping out, athletics, campfire periods, and swimming are some of the features that will grace the program.

In spite of food rationing, the menu served the boys will be adequate. Plain but nourishing food will be on the bill-of-fare, and each boy will be assured of plenty.

Physical Director Parnelee will be camp director assisted by Kenneth Bartsch, another qualified young man, all of whom will devote their full time to making the camping experience of those who attend, an enjoyable one.

Titusville Man Is Cited For Bravery

Washington, July 8—(P)—Two Marine officers from Pennsylvania have been awarded the Navy cross for outstanding bravery and heroism in battles on Guadalcanal, the war department announced today.

The citations were received by Lieut. Col. Samuel Blair Griffith, 2nd, 37, of 6615 Darlington Road, Pittsburgh, and Captain William D. Stevenson, 25, Titusville. The latter's father is publisher of the Titusville Herald.

Capt. Stevenson's citation was won for "extraordinary heroism while serving as battalion communications officer, first Marine raider battalion, during the defense of the airport on Guadalcanal, Solomon Islands, against enemy Japanese forces on Sept. 13 and 14, 1941." He led a patrol through heavy enemy fire after which he took over alone at a front-line telephone switchboard. Completely surrounded by infiltrating Japanese, he stayed at his post until the wires were cut, then fought his way back to the main body of troops.

Future of National Forge Team is Put Up to Fans

Booster Game With St. Marys Colts is Booked For Russell Field on Sunday July 18th

Wednesday evening a meeting of the National Forge Baseball team and officers of the Forge plant was held and the prime object of the meeting was to decide on whether to fold up the team for the duration or to continue play. The team has taken a financial beating during the present season and after much discussion it was put up to the fans as to whether or not they wanted baseball continued. Attendance at future games will barometer as to whether or not the team will be continued.

The first acid test will be given when St. Marys Colts prance about the local field on Sunday July 18. On the 11th the Forgers go to Corry. On the 18th arrangements will be made for a booster game and fifty cents will be charged. There will also be several features on the day's program in addition to the ball game such as fungo hitting, running the bases, straight away races, etc.

On this game hinges greatly the decision as to whether or not there will be anymore baseball here this summer. The fans attendance will decide the issue. The Forger's management has a number of good teams in the offing if the attendance warrants bringing them here. The expenses of the team are heavy with guarantees for visiting teams of from \$80 to \$125; cost of umpires, bat boys, advertising, etc. Then, too frequently players are injured and doctor and hospital bills are heavy.

The Forgers have been playing a heads up brand of baseball and every game has been replete with some thrills that warmed the cockles of the fans hearts and kept them on the edge of their seats. The Forgers will do their part and now it is up to the fans!

Honeymoon Over For Nats As They Drop From Second to Fourth in American League

BY JUDSON BAILEY
Associated Press Sports Writer

The honeymoon seems to be over for the Washington Senators.

Before the start of the doubleheaders on the Fourth of July Washington still was a wonder team and was in a virtual tie with the New York Yankees for first place in the American League.

Today the Senators are in fourth place as the result of losing five of their last six games and even though they are only a single percentage point out of third place their prospects of again threatening for the lead are not bright.

The Senators' present plight may be traced to weaknesses that were apparent even before the club collapsed on its current western trip. They had a problem at third base that was so hopeless that Manager Ossie Bluege in desperation finally installed Veteran Outfielder Bob Johnson at the hot corner.

Since becoming an infielder last Friday the big Indian has hit three home runs and conducted himself capably in the field, but he hasn't been able to hold the club above its challengers. The pitching has been unsatisfactory and the infield may be traceable to weaknesses that were apparent even before the club collapsed on its current western trip. They had a problem at third base that was so hopeless that Manager Ossie Bluege in desperation finally installed Veteran Outfielder Bob Johnson at the hot corner.

Moreover, the Detroit Tigers and Chicago White Sox have taken advantage of the Senators

slump to put on two of the fastests of the season in the American League. The Tigers, who moved into second place yesterday by beating Washington 9-1, have won nine of their last 11 games and the Sox have won eight of 10.

Hal Newhouse, the Tigers' slim southpaw star, pitched five-hit ball

in beating the Senators and his teammates gave him two four-run innings. Twice Don Ross came to the plate with the bases loaded and singled.

The White Sox nosed out the Boston Red Sox 3-2 when Wally Moses stole home with the bases loaded and two out in the 14th inning. It was his 18th stolen base of the season. Johnny Humphies pitched eight-hits ball over the extended route and gave one safety in the last seven frames.

New York's Yankees completed

a sweep of their four game series at St. Louis as Spud Chandler shut out the Browns 2-0 on six hits. Nick Ettens accounted for one of the leaders' runs with his sixth homer of the year and fourth of the western trip.

The only other teams to get into action yesterday were Cincinnati and Boston in the National League. They divided a double-header.

Philly Still Angling For Service Game

Philadelphia, July 8-(AP)—If the Army-Navy football game isn't played at West Point this year, Mayor Bernard Samuel believes Philadelphia has "the only legitimate claim" to the annual spectacle.

Replying to a suggestion by U. S. Senator James M. Mead (D-N.Y.) that the game be played in some large eastern city rather than at West Point, Samuel said in telegrams to Undersecretary of the Navy James Forrestal and Assistant Secretary of War Robert Patterson:

"Philadelphia stands prepared, as it did last year, to honor its contract," referring to a contract with the Army and Navy Athletic Association calling for the game to be played in Municipal Stadium Nov. 27.

Promising talent among the class will be given an opportunity to try out with minor league teams.

Pittsburgh, July 8-(AP)—Joe Sgriccia of Clymer (Indiana county) Pa., who said he would like to model himself after the Pirates' Vince DiMaggio, was one of 250 ambitious youths who turned out for the opening of "Bucs" annual baseball school at Forbes Field this week.

Don Dickey, of Indiana, Pa., was another of the boys who came here to practice under the eyes of Pirate scouts Bob Rice, Leo Mackey and Joe Brehaney. The school will continue through Friday, by which time a squad of 25 will be selected for a game against a team from Altoona.

Sox Wins Another By Lively Base Running

BY ARNOLD DERLITZKI
Chicago, July 8-(AP)—If bats won't break up a ball game, use your feet. That is the policy with Chicago's White Sox who are running wild on the bases and getting away with it.

They got away with it again yesterday—a cut steal of home in the 14th inning by Wally Moses with two out and the bases loaded—to continue their dazzling dash up the American League ladder.

Just 17 days ago the harum-scarum Hosses were tied for last place. Today they are in third, four games behind New York's pace-setting Yankees. Tonight they get around to the Yankees, in the first of five game series. Victory would be the 11th in their last 13 games.

Yesterday's stolen base, which brought a 3 to 2 win over Boston, was the 72nd of the season for the fidgety-footed Sox whose only rivals in this matter are Washington's Senators and their George Case. It was the third time this year the Sox have stolen their way home and the second time Moses has accomplished the trick.

Chapter 26

WHEN Sarah refused to help make room for the flood refugees Ann replied, "Then I'll do it myself."

She edged through the crowd, ran up the stairs. She knocked at the first door she reached. It was Mr. Newton's.

"I'll call him," Ann volunteered. "He probably doesn't know what's happened."

She went to the lobby desk. Sarah still sat stonily behind it.

"We want Dr. Renfrow," she said.

"He's at home," she said.

READING & WRITING
BY Edwin Seaver and Robin McKeon

WHEN Stephen Vincent Benét died a short time ago, he was just putting the finishing touches to a long narrative poem called "Western Star." In this poem, he told the exciting story—as only he could tell it—of the early colonization of what we know today as the United States—particularly the founding of the Jamestown and Provincetown colonies.

The poem was shown to the judges of the Book-of-the-Month Club while it was still in manuscript form, and they immediately selected it for distribution as one of the July choices. Rarely, the judges say, have they come across anything as thrilling as Benét's last poem.

They had the same reaction back in 1927, when they selected Benét's narrative poem of the American Civil War—"John Brown's Body." The following year "John Brown's Body" was awarded the Pulitzer Prize, and ever since Stephen Vincent Benét has been recognized as one of our greatest poets.

Long before Pearl Harbor, Benét in his poetry warned us of the menace of fascism and tried to prepare us spiritually for the war to come. Then when we entered the war, he threw all his energies into writing poems and radio plays to inspire the American people for the great task on hand.

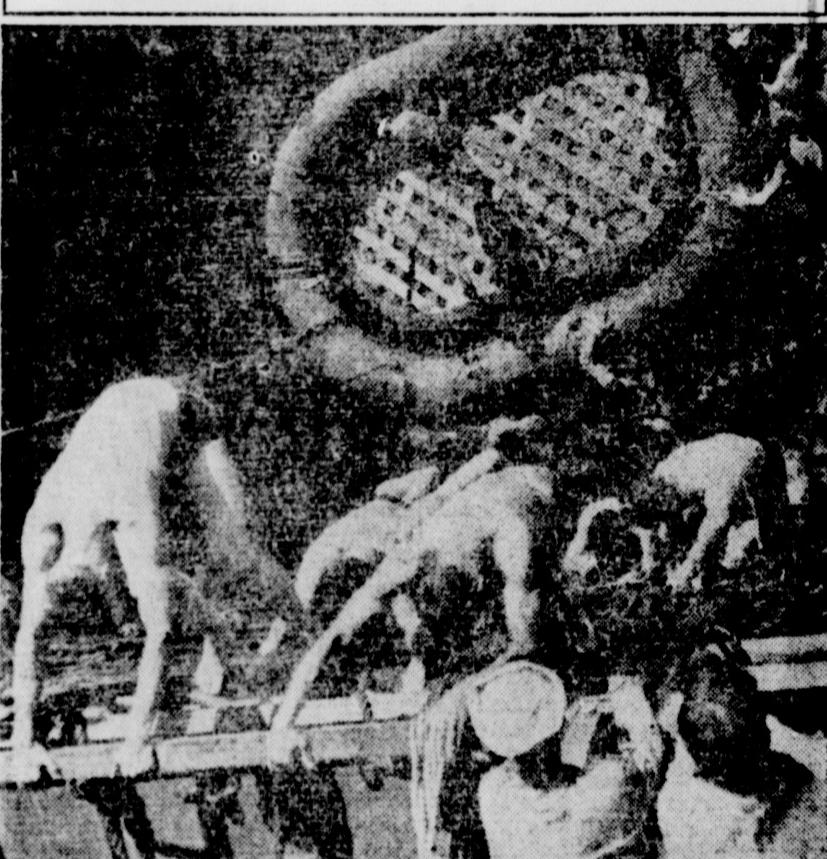

That Stephen Vincent Benét died when he did, in the full tide of his powers, was an inestimable loss to American literature. That he was able to finish his epic "Western Star" is something we can all be grateful for.

A hint for welcoming visiting celebrities: Richardson Wright in "The Bed-Book of Eating and Drinking" tells of a state visit which Louis XIV made to Rheims. At the gates of the city he was met by the city fathers, who addressed him thus: "Sire, we offer you our wine, our pears, our gingerbread, our biscuits and our hearts."

Mr. Wright's book, aside from containing many valuable hints about the preparation of food, contains scores of amusing anecdotes. Such as the one about the cook of a friend of his who gave notice. What was the trouble? Weren't the wages satisfactory, the bedroom, the time off? Yes, all these were. Then why was she leaving? "Because, Ma'am, there's too much shifin' of the dishes for the feanness of the food."

When Winston Churchill arrived in Moscow for his visit to Stalin, relates Henry Cassidy in "Moscow Dateline," he greeted the Russian guard by raising his hand in his famous "V for Victory" salute. The Russians did not know what he meant—the word for "victory" in Russian is "pobeda." They speculated among themselves and finally decided that by raising his two fingers Mr. Churchill was promising them a quick Second Front.

"Abandon Ship" in Record Time

Time is precious when sailors abandon ship. U.S. Navy crews practice climbing down cargo nets to life rafts, competing for the fastest records. Their speed can save lives. Speed and preparedness save lives whether in drills or War Bond buying. The War Bonds are up to us.

COLE HILL

Cole Hill, July 6—Church services were held in the Garland Methodist church Sunday at 2 p.m. Rev. Dwight Jack gave an interesting talk about "Obedient to God." After church the official board held a business meeting.

vine; Mr. and Mrs. Bernal Holmes and daughters, Patty and Caroline, of Torpedo, and Ralph Pike, Corry.

Miss Marion Holmes, who is visiting in Corry, was visiting her parents, Mr. and Mrs. Seth Holmes on the Garland-Torpedo road, over the double holiday.

Mr. and Mrs. Glenn Schell and sons, Forrest and Jack, of the Garland-Torpedo road, were visiting his sister, Mrs. Lillian Camp, Corry.

Miss Ruth Williams, of Warren, who has been visiting her grandparents, Mr. and Mrs. Arthur Brooks, at Torpedo, has returned home. She was accompanied home by Miss Louise Brooks, of Torpedo.

Mr. and Mrs. Ernest Martin and

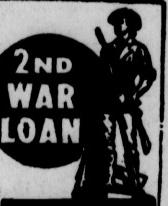

son, Harold, were Youngsville shoppers this week.

The Misses Bessie and Carrie Hall, of Pittsburgh, who have been visiting Mrs. Jennie McConnell at Torpedo, returned home on Thursday.
